Talking WITH TONY

November is the start of our holiday season, and we will try to make it as normal as we can for you by offering to do the holiday cooking for you. Chef Kyle and his team will be preparing a bountiful "Thanksgiving to Go" again this year. Like Easter this year, Thanksgiving can be spent with loved ones and not in the kitchen...look for more information this week. We will continue to provide meal service and open up as much indoor and outdoor space as possible. With all the restaurant closures, we want you to know we'll always be here for you.

Congratulations to all the ladies who made it out for the Dove Classic this year, making the event bigger than it has been in years! There were plenty of awards and great performances to go around...great work ladies! This month we have the final MGA event of the year, the MGA Member/Member. We expect a full field and some tough competition; good luck to all!

Lastly, please join me in welcoming John Glasoe to the Dove Canyon team. Earl will be moving over to Bear Creek and will be available to help John if needed. John comes to us from Mesa Verde Country Club and has already taken the hand-off from Earl. John is a graduate of the Turf Program at UC Riverside and also worked at Sea Cliff Country Club prior to his three years at Mesa Verde. He is an Orange County product and knows our unique growing conditions. We are excited to have John; he in turn is excited to be here. I hope you will say hello to John and welcome him when you see him driving around the course.

Happy Thanksgiving, see you at the Club!

Congrats,

Ladies!

GOLF COURSE UPDATE

GOLF COURSE SUPERINTENDENT - JOHN GLASOE, GCSAA

Season of Change

Greetings to all! I am extremely excited to join the team at Dove Canyon. Please do not hesitate to say hello when you see me out on the golf course. I am coming from Mesa Verde Country Club, where I have spent the last three years as the foreman and Assistant Superintendent. I am enjoying working with Earl and getting caught up with the property. I am excited to continue working with him, and continuing to build on everything he has accomplished and continuing the bunker work project.

My first few days at the club have been busy with cleaning up branches, debris, and trash from the recent strong winds. The golf course has held up well from all the elements being thrown at it. The major irrigation repair to the mainline has been fixed and the disturbed area re-sodded.

We have fertilized the fairways and roughs to produce a more lush and greener turf which is something I know all of us want. In the coming weeks, the crew and I will be working on improving your golfing experience by keeping the greens fast and firm, supported by a well-manicured course.

I am extremely grateful to the Dove Canyon management team for putting its' faith in me, and I am determined to show all of you that I was the right pick. I will be putting forth all my efforts in making our club the best conditioned club possible. I live nearby in Mission Viejo, which will allow me to be on the property as much as possible. I look forward getting to know all of you!

See you on the course,

*John
